

INFORMATION AND COMMUNICATION TECHNOLOGY

INTRODUCTION

The public assessment of this subject is based on the Curriculum and Assessment Guide (Secondary 4–6) Information and Communication Technology (ICT) jointly prepared by the Curriculum Development Council and the Hong Kong Examinations and Assessment Authority. Candidates have to refer to the Guide for the knowledge, understanding, generic skills and practical skills they are required to demonstrate in the assessment.

ASSESSMENT OBJECTIVES

The objectives of this assessment are to evaluate candidates' ability to:

1. demonstrate knowledge and understanding of the range and organisation of computer systems, and the interrelationships among hardware, software and data;
2. appreciate the social, ethical and legal issues pertaining to the use of information and communication technologies;
3. use a range of application software effectively, ethically and with discrimination to support information-processing and problem-solving;
4. demonstrate an understanding of methods for analysing problems, and planning and implementing solutions using information and communication technologies;
5. appreciate how information literacy and the sharing of knowledge using information and communication technologies influence decision-making and shape our society.

MODE OF ASSESSMENT

The public assessment will consist of a public examination component and a school-based assessment component as outlined in the following table:

Component		Weighting	Duration		
Public Examination	Paper 1	Compulsory part	55%	2 hours	
	Paper 2	Elective part (choose one only)	25%	1 hour 30 minutes	
		2A	Databases elective,		
		2B	Data Communications and Networking elective,		
2C	Multimedia Production and Web Site Development elective, OR				
2D	Software Development elective				
School-based Assessment (SBA)		20%			

PUBLIC EXAMINATION

Paper 1

There will be two sections in this paper: Section A (40%) will consist of multiple choice questions and Section B (60%) structured questions. Questions will be set on the compulsory part of the curriculum. All questions are compulsory.

Paper 2

This paper consists of structured questions. Candidates are required to choose one of the following electives:

Paper 2A	Databases
Paper 2B	Data Communications and Networking
Paper 2C	Multimedia Production and Web Site Development
Paper 2D	Software Development

Questions will be set on the elective part of the curriculum. Candidates are expected to build upon the knowledge and skills learned in the compulsory part and demonstrate in-depth knowledge and skills in the elective area. All questions are compulsory.

SCHOOL-BASED ASSESSMENT (SBA)

SBA is compulsory for all school candidates. This component consists of one project assignment. A list of project titles and the arrangement of SBA will be announced to schools by the Hong Kong Examinations and Assessment Authority in S5.

The project should be evaluated in accordance with the following categories:

- Objective & Analysis
- Design & Implementation
- Practical ICT Skills
- Testing & Evaluation
- Conclusion & Discussion
- Documentation
- Creativity and Project Management

Candidates are required to keep good custody of their work for inspection and authentication purposes until the release of the HKDSE results.

Private candidates need not complete the SBA component. Their subject result will be based entirely on the public examination result.

The detailed requirements, regulations, assessment criteria and guidelines are provided in the SBA Handbook for HKDSE Information and Communication Technology published by the Hong Kong Examinations and Assessment Authority.
